It is intention recently entertained by members of the committee on foreign relations, of bringing forward how treaties during the session, is now in auspension, owing to the wish of many seinters to get nivay as early as possible. It is thought now that the new administration may as it has a right to do, recall for amend when some or all of the more important treaties for the other hand it is said to be in contemplation to bring up the Michargann treaty during this session, not for the purpose of pressing it the point of ratification, but to discuss in open responsible relationship of the (layton Bulwer tray o line canal question. Should this be don't will be with a view to getting the judg men of the country up in the whole matter, before the meeting of congress in Pecember.

THE SENATE COMMITTERS,

It a organization of the senate committees ett ge attention of the senate committees ett ge attention of present. It involves more difficulties than usual, and therefore may not be dipited for several days, although cauches committees of both parties have had it a subject under tiscussion since las Thursday. There are fire acant chairmanships including those of the CLI in these on education and lator and military affairs, heretofore filled respectively by Senators Blart, it is understood, will be temporarily appointed to fill the acancy created by the explication of his term, and it is probable he will retain his chairmanship until his successor is elected. The chairmanship of the military affairs committee, if filled at all, will probably be filled conditionally, so that central Logan may return to the place should be be re-elected to the senate. Senator Hoar is second on the list of committee claims, but holds the more desirable position of chairman of the committee on prolifer of the conditions, and would hardly be willing to make the exchange. Senator Fike, who has no chairmanship, stands next, and Senator Beigh is fourth on the list. The chairmanship of the committee on post-offices and post roads is made variant by the retirement of Senator Hell's Senator Sawre, who is second on the list of the senator sawre, who is second on the list. THE SENATE COMMITTEES,

HII Senator sawyer, whojis second on the list of this commutee, holds the charmanship of the committee on rullroads, and Senator Mahe is, who is thrul, holds the same position on the committee on public buildings, senator Palma, who has one charmanship, and Senator Palma, who has one charmanship, and Senator Palma, who has one charmanship, and Senator Palma, it is said, prefers the charmanship of the committee on supenditures of public money, stand fourth and fifth on the rembership of this committee. Senator Palmer, it is said, prefers the charmanship of the committee on fisheries, made wheat by the retirement of Judge Lapham. Senators Sewell and Dawee stagil above him on the list, buffer of the palmanship which are equally if more desirable. Senators Hawley, Ald rip., Hain and Conger hold charmanships of chapparatively unimportant committees, and if we ling to assume more responsible positions new vacant, may be assigned them. Senator Service eminence as a lawyer has given rise to a expectation that he will be made a member of the judicary committee should teneral Login not be returned.

Members of the Russian embassy in London centinue to scout the idea that there is any probability of a declaration of war between Legiand and Russia. De Gierr, Russian foreign nimiter, has been prompt and explicit in the statement of the Russian attude. The dispatches he sent to the British foreign office yesterday, while they affirm that instructions have been sent at England's request to Russian commanders to avoid all acts likely to invoke the Afghans into hostilities plantly decline to accede to England's other request that Russian trops he with drawn from their prevent advanced posts. The posts are almost within rifle shot of the advanced posts maintained by the Afghans. The latter are notorlously aggressive. They are said to have become actually impodent, under the encouragement given them by England's advice to hold their ground. It would be the easiest thing in the world for Russian intrigue to secore such offensive act on the part of the Afghans as would justify a 'Battle of defense 'act an engagement would initiate open war fare in Afghanistan.

A ferret when placed at the entrance of a bole, enters the ape bure, travels along a passage, enters upon the rat, exterminable existence and draws the animal's funct careas to the ligh. And in like more have 1 found Dr. C. McLone's Forest to operate upon worms, those dreadful idungerous tormentors of children. This needy, like the firmet, enters the aperture the mouth, travels down the guilet hunts and the stomach and lays hold of the strus, shakes the life out of the reptiles, been clear their den and carries their canses clear cut of the system. This, least has been the effect of the Vermige upon my children." Leave Portland et # 20 P M. company parties of St. Paul E.30 P M. pour PAGIFIC DIVERSE.
